98-170 and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

To whom it may concern,
Please leave well enough alone. This is the only way I can keep in touch with the people I love and at the same time affordable. You are trying to fix something that is not broken. Besides this is our money that would be going into your pocket for what? Leave well enough alone. Eight people have a trac phone in our family and we would consider giving them up if you feel to do so on the rates. Don't make us feel like pee-ons. Finds something else to kill your time with.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

Tina
